### **SVdPUSA Announces Tag, Label & POS Partner**

The National Council of the United States Society of St. Vincent de Paul is pleased to announce that Thrift Store Supply, a provider of retail tags, labels, credit card processing and point of sale (POS) equipment, is now a national partner. The partnership features a 15 to 25% discount on POS system software and hardware, labels, tags, one part, two part and multi part forms, door hangers and cash register paper.

Thrift Store Supply manufactures 95% of the products they sell, allowing them to pass along significant savings on everyday items. Thrift Store Supply also features a POS system specifically for the thrift store industry, integrating all components of running a thrift store cost-effectively and efficiently. Through reduced costs, SVdP can help even more people.

“We feel blessed to be given the opportunity to partner with such a great organization. We are honored to provide high volume, national pricing to local St. Vincent de Paul thrift stores,” said Thomas Mickwee, vice president of sales. Thrift Store Supply is a family owned and operated business that seeks to give back to community.
