Open to all SVdP Conferences and Councils

Grant Awards: \$5,000 per Conference and District Council

General Purpose and Program Description

The National Council of the United States Society of St. Vincent de Paul has been awarded a grant from an anonymous foundation to fund projects to strengthen predominantly underserved black communities and neighborhoods through urban gardening nutrition programs that are producing fresh produce for food pantries or other types of SVdP service operations. A portion of each grant (25%) can also be used to develop/provide leadership skill-building activities for this targeted population. The National Council of SVdP, through its African American Task Force, will review and award SVdP Conference/District Council grants to “Conferences with majority black members” or those who are serving the underserved majority-black communities and District Councils serving those Conferences and providing leadership training to African American members participating in SVdP community gardening, food pantry or nutrition programs. The granting program’s priorities are:

1. Establishment and/or expansion of urban community gardens that will provide neighborhoods with healthy fruits and vegetables to be used in the SVdP home visits, used in the SVdP food pantries or other delivery methods;
2. Establishment of NEW and/or expansion of SVdP food pantries in urban “food desert” areas;
3. Cooking classes MUST have nutritional educational components and classes must take place in food desert areas where neighbors can learn how to cook healthy, inexpensive meals with food pantry items and other available groceries and produce;
4. Other innovative programs that help solve the food desert problems;
5. Related equipment purchases for an SVdP food pantry or community garden program that will provide new or expanded space to grow, store and/or distribute fresh fruits and vegetables;
6. The grant is also intended to help revitalize and strengthen established African American Conference members. Up to \$1,200 can be used for prescribed SVdP programs, such as Invitation to Serve, any form of governance or leadership trainings and assistance with the registration cost for the Invitation for Renewal July 2019 and/or National Assembly 2019 in Denver.
